

Grand Saline Independent School District

Grand Saline Intermediate School Plan of Action

2023-2024

Vision Statement

Changing the World One Student at a Time

Mission Statement

The Grand Saline Independent School District, in partnership with parents, community members and businesses, provides a safe, caring and motivational learning environment enabling all students to reach their educational, social and emotional potential. These factors empower graduates to become life-long learners, which in turn allow them to be globally competitive, successful, productive patriotic members of an ever-changing society.

The District Site-Based Decision-Making Committee collaboratively developed the District Plan of Action. In 2015, the President signed the Every Student Succeeds Act, a reauthorization of the ESEA of 1965. ESSA replaces its predecessor, the No Child Left Behind Act (2001). The 2001 National Performance Goals have been adopted by the district and are reflected in the District Plan of Action. The following funding sources support the objectives and strategies identified in the District Plan of Action: Title I, Part A; Title I, Part C; Title II, Part A; Title III; Title V; Special Education; Head Start; Gifted & Talented; State Compensatory Education; Instructional Materials Allotment (IMA); and Local.

Comprehensive Needs Assessment

The following sources provided data for the comprehensive needs assessment. An in-depth review of data led to the development of the goals, objectives, and strategies included in the Campus Plan of Action.

- Longitudinal TAPR data
- Longitudinal academic performance data for non-TAPR student groups
- TELPAS, PBMAS, STAR, STAAR, and System Safeguards
- Program Evaluations
- Stakeholder Surveys
- Discipline Reports
- Formative Assessment Data
- Staffing Needs
- Professional/Paraprofessional Training Needs
- Norm-referenced Tests
- Promotion/Retention Rates
- Informal Evaluations

Findings: We are awaiting ratings from the state.

GSI students have limited experiences to draw from, environmental schema, and are lacking in vocabulary development & fundamental skills in the areas of reading, writing, science, and mathematics. While these skills are being taught, the curriculum wasn't aligned and they are not being retained and transferred into student daily lives. GSI staff proposes to provide an aligned curriculum, experiences for the students to draw upon, to increase the environmental schema, and to develop their vocabulary thru use of field trips, introduce them to cultural differences, emphasize vocabulary in all core subjects, use visuals for student to make associations with, and to ask open-ended questions requiring students to expand their thoughts. Writing will become part of the daily routine with journaling in core classes. Students will engage in scientific conversations of how/why and participate hands-on learning & use problem solving skills regularly in Science classrooms.

2023-2024 Improvement Plan for Grand Saline Intermediate School

Essential Action - 5.1 Objective-driven daily lesson plans with formative assessments.

Rationale

Teachers will collaboratively plan at least parts of lessons and the Instructional Leadership Team (ILT) will provide support and structure which is critical to student success. The lesson plan helps teachers to achieve their goals and objectives and ensure alignment across grades.

Desired Annual Outcome

Student outcomes will show significant annual growth as a result of campus leadership providing support and effective feedback for teachers through the monitoring of lesson plans and through data walk observations to ensure rigorous delivery of readiness and supporting standards

Barriers to Address During the Year

Campus leadership will establish clear processes and expectations for lesson plans.

Prioritized Focus Area #2

Essential Action - 5.3 Data-driven instruction.

Rationale

There is a need to develop a schedule for DDI. Teachers will need to follow the Instructional Focus Document (IFD) and pacing guides in TEKS Resource to maintain focused instruction and assessments schedules.

Desired Annual Outcome

Teachers will know every student's progress through ongoing DDI meetings which will drive instruction through laser focused lesson planning and re-teaching where data indicates a need.

Barriers to Address During the Year

Teachers do meet to plan and review data but like adequate time to plan. The campus will provide clear roles and responsibilities along with timelines and consistent structures in place for planning.

District Commitment Theory of Action

The district will provide for ongoing support and coaching for the campus principal including establishing strong data driven instruction practices; then campus leadership will more effectively engage in instructional leadership roles and activities to improve lesson planning and strengthen DDI meetings and the planning of instruction.

Goal 1: GSISD will promote the academic and social success of enrolled students from PK through 12th Grade for on-time graduation and will provide an exemplary instructional program for all students that is rigorous, engaging, and fully aligned that accommodates the learning needs of at-risk students & special populations to provide the opportunity to graduate college and be career ready.

- **Objective 1:** By 2024, all students will reach high standards, at a minimum attaining passing standard or better as identified on state assessments.
- **Objective 2:** GSISD will continue to create an aligned instructional program designed to increase student performance by all student groups in all subjects increasing the number of graduates who are college and career ready.
- **Objective 3:** Include 21st century learning skills using technology instruction to engage all learners to promote student proficiency in advanced technology.

Summative Assessment: Accomplishment of objective as measured by STAAR and STAAR Alt, and TELPAS results.
