1	Technology Training to use the equipment upgrades to enhance classroom instruction, academic outcomes, and digital literacy of students	5/12/2022 11:29 AM
2	A four day work week with students and one day a week plan day. Use funds from ESSER III to pay salaries on the one day a week when students are not at school for attendance income. Could be a student work from home day as well. Such as four days in class and one day at home learning	5/11/2022 11:36 PM
3	Yes! Give the Aides raises proportionate to the jobs they do. After all, they do not get any breaks per day; sometimes, they don't even get their lunches because they end up covering classes for one reason or another; the SpEd aides are hit, kicked, slapped, punched, spit on, required to physically restrain out of control students, and required to change students clothes that the students urinate and/or poop in(also wiping them), and cleaning the students up who throw up on themselves; while the actual Paraprofessional wears many, many hats including duties that require them to act like they are part of Technology as well as act as teachers in supporting roles and as secretaries but with absolutely no additional pay! So, bottom line: Give our Aides the much deserved and needed pay raises they deserve!	5/11/2022 7:00 PM
4	All staff need substantial salary increases due to the continued rising cost of everything. We have many positions that need higher pay. I don't know what custodians, cafeteria staff, paras, or secretaries annual salary is. But I do know that every position in the district is just as important as the next from the superintendent to the paraprofessional right out of school. It would be great to work in a district where everyone wants to come to work here and stay because the district is not only fantastic to work for but because they compensate the people that are effective in their position fairly...regardless of where in the district they work.	5/11/2022 11:55 AM
5	None	5/11/2022 11:55 AM
6	No	5/11/2022 11:03 AM
7	More support for high school special education students	5/11/2022 10:43 AM
8	No	5/11/2022 10:41 AM
9	Meeting equipment needs of other programs within the school	5/11/2022 10:24 AM
10	Teachers need iPads in addition to their laptops. Teachers also have a need for document cameras that they can hook up easily to the promethean boards. Document cameras are immediate, where as with the promethean board, you have to scan the document or take a picture and send it to Google drive and sometimes it doesn't want to work correctly.	5/11/2022 10:09 AM
11	NEW MIDDLE SCHOOL we have out grown this one. ALSO BRING BACK : Basic living skills to middle school: wood working classes, mechanical classes for small engines, cooking, sewing, money management etc., electrical understanding, plumbing, changing the oil in a car, the list can go on and on. They don't need to read about it they need hands on experience. OUR STUDENTS NEED electives that will help in everyday life.	5/11/2022 10:06 AM

so that we can more effectively meet the needs of our students.

17	Continue the improvements made in technology or purchase additional school vehicles.	5/11/2022 9:46 AM
18	We need more buses also. There are too many kids on buses in the afternoons, which is unsafe. We also need pay raises for drivers that compare to other districts.	5/11/2022 9:45 AM
