

Grand Saline Middle School
6th Grade Social Studies
Mr. Futch

Course Description: In this course you will learn about cultures throughout the world. You will learn why cultures are located in certain regions and how they interact with other cultures. You will learn how people, historical events, and environments have shaped cultures. In addition, this course examines the different types of governments, economies, and religions practiced by people throughout the world. You will compare and contrast how people are similar and yet different from each other.
